

The Mission of Sea Isle City Government

The mission of the municipal government of Sea Isle City is to provide the necessary and desired public services required to maintain a safe, clean, and enjoyable community; and to provide a balanced and prudent system of laws and regulations that affords all residents and visitors the opportunity to pursue private and public ventures in an effective and responsible manner.

The goal of Sea Isle City government is the satisfaction of our residents and visitors, and the protection and maintenance of our public assets, infrastructure, and community culture and values, with the utmost degree of honor and professionalism.

Sea Isle City Values

The foundation of an organization is built on the values that it embraces. We believe there are fundamental values that are shared by the municipal government and the people we serve, and we believe it is our duty as representatives of Sea Isle City to stand by, and act in accordance with, the following values:

Respect

Integrity

Tolerance

Commitment to Excellence
